

## ADVANTAGES OF GOING WITH EDUKIT

[www.edukitinc.com](http://www.edukitinc.com) 866-660-8854

- **EduKit supply kits contain high quality, name brand products.**

In addition, we offer a selection of value options to help keep prices as low as possible. The value items are high quality supplies that have been rigorously tested. We stand behind them 100%. The phrase “you get what you pay for” applies to EduKit.

- **All items on the supply lists are included in our kits -**

googly eyes, craft feathers, cotton balls, dictionaries, calculators etc. The whole point of ordering a school supply kit is so parents don't have to go to the store for anything! We include all required items in our kits unless you choose to have specific items available for purchase separately so students may reuse them from year to year.

- **EduKit's supplies are age appropriate.**

For example, our kits contain scissors with larger handles for older students with bigger hands.

- **EduKit provides free shipping to the school and free inside delivery.**

Some companies offer tailgate delivery requiring you to unload the truck yourself. Home delivery is also available with nominal shipping charges.

- **EduKit offers personalized service.**

Your school is assigned an account manager that you communicate with each and every time. This keeps confusion out and customer service as our priority.

- **EduKit does not ask schools to sign a contract.**

There is no minimum order or up-front money required. We keep our program very simple. How refreshing!

- **EduKit offers a simple “early bird” 5% discount if payment is received by June 10th.**

There is no pressure to sign up by a certain date in order to qualify for graduated discount levels. There is no fine print about the forfeiture of discounts if changes are made and deadlines are not met.

- **EduKit will take returned kits back for a full refund.**

We offer complimentary pick up, no restocking fees and no freight charges.

- **EduKit offers user friendly, time saving online tools,**

to track and manage your school's orders. We accept credit card payments via our secure website.

- **EduKit provides free marketing materials.**

We will provide colorful, customizable order forms, posters, web banners and lots of ideas about how to make your program a success.

- **EduKit's “Last Chance” program allows parents to order supplies throughout the summer and have them delivered right to their home.**

- **EduKits supplies come packed in beautiful, brown boxes.**

Brown is beautiful because our boxes are ink free and therefore truly “green”! They also come in varying sizes allowing us to fit all of your school supplies in one box 99% of the time, which makes distribution much easier!

Want a memory box with handles? We have those too!

- **EduKit supply kits can be offered as a convenient service or as a mild fundraiser.**

- **EduKit specializes in school supply kits. That's all we do!**

And we have been doing kits well, retaining 95% of our customers in the 15 years we have been in business. We create the kits in our warehouse and control every aspect of what goes into them. That is how we are able to stand behind our kits 100%!
