EduKit — Our Story

My name is Sherry. I'm the mother of three children and family is very important to me, just as I know it is to you. Back to school is an exciting time for kids but was always CRAZY for me.

With supply lists in hand, I'd pack up my kids, spend the day driving from store to store, fighting crowds and I STILL wouldn't have every item on my list. To top it off, I always overspent my budget.

So, in 1993, when my husband came up with the BRILLIANT idea of selling school supplies in a kit, I would have been CRAZY not to support him. Now, EduKit makes school supply shopping a breeze for busy parents across the country and ensures teachers have exactly what they need for their classrooms. EduKits are built with the same care and quality that I expect for my own kids.

Give us a call. EduKit makes back to school shopping EASY for parents and provides teachers with the supplies they need to make learning FUN!
